Did *Curves* join the surfer community? Or the community of Fado lovers? Will there be a huge soulful-driving mural in Lisbon, the vibrant capital of street art? Will we do a few rounds in Estoril, the country's famous race track? Who knows? But what we do know: *Curves No. 14* goes to Portugal!

It goes without saying that this country offers great opportunities for sophisticated curve chasers. The mix of mountains, rolling hinterlands and coast is extremely rich in variety. Densely populated regions alternate with almost uninhabited areas. And no matter whether you wish for high waves or prefer to enjoy Vinho Verde, grilled sardines and pastel de nata – Portugal has lots of off-road highlights to offer.

Rediscover Portugal with *Curves*! Text in English and German.
