- Over 40 stunning destinations from around the world captured by up-and-coming as well as established photographers, with useful travel information for when you are there
- First published in 2016, this photo book for adventurous spirits has been reprinted with a new trim size and a new price

Instagram photographers take us around the world to new and breath-taking locations where we can spend the night and enjoy the sunrise. Curated by the three Sizoo brothers – Bob, Willem, and Bastiaan –***Depart*** unveils the whereabouts of some of the best locations, making this an inspirational photography book and a practical guide for travel enthusiasts. Over 40 stunning destinations from around the world are captured by up-and-coming as well as established photographers, with useful traveling information for when you get there.

The Sizoo brothers - Bob, Willem, and Bastiaan - are three young Dutch photographers. For this book, they have curated the work of their Instagram friends worldwide in order to share the most awe-inspiring photographs of distant places.
