- Includes the Frampton Park Estate housing project with its sophisticated, powerful buildings with a large, oval inner courtyard

Since 1995, the office's co-founder Julian Lewis and his team have produced numerous buildings, urban-planning master plans and landscape-architectural projects. They are especially interested in spaces where people work and live. Among their many major housing developments, schools and administrative buildings, the Frampton Park Estate housing project includes sophisticated, powerful buildings with a large, oval inner courtyard, providing centralized access to a diverse range of apartments via internal walkways.

Text in English and German.
