- The best events, the newest trends
- Insights into the conception and realization of more than 50 international events

The *Event Design Yearbook* was launched six years ago. As always, the best events from the past year are visualized with a wealth of striking pictures and informative texts. This year, the authors have looked for small and large, private and public, cultural and corporate, exceptional and fascinating events, which all distinguish themselves through the idea behind it and its realization. Interviews and theoretical texts accompany the projects, with inspiration and information going hand in hand and providing an insight into the sector. Text in English and German.
