- Focusing on a special form of architecture that has arisen in Romania in the last 30 years which is characterised by expressive façade designs

Based on the art project of the Mallinckrodtstraße workshop on Romani building culture of the same name and the redesign of a building façade in the Nordstadt district of Dortmund in September 2019, this publication focuses on a special form of architecture that has arisen in Romania, among other places, in the last 30 years which is characterized by expressive façade designs.

Text in English, German and Romanian.
