- The second volume of Giorgio de Chirico's *Catalogo Generale* with 478 works dating from 1910 to 1975

This second volume of Giorgio de Chirico's *Catalogo Generale*, published in 2015, comprises 478 artworks dating from 1910 to 1975 which have been authenticated and dated by the Authentication Committee of the Fondazione Giorgio e Isa de Chirico. It includes paintings, works on paper, miniatures painted on ivory, and jewelry, many of which are little-known or totally unknown, thus making a substantial contribution to scholarship about the artist's oeuvre.

It features an introductory essay by Fabio Benzi, a foreword by Paolo Picozza, President of Fondazione Giorgio e Isa de Chirico, an essay by Giorgio de Chirico entitled *The Painter's Craft* (1933), a brief biography of the artist, and a summary of the Foundation's activity. These works were not included in the multi-volume catalogue raisonné published by Claudio Bruni Sakraischik between 1971 and 1987. Text in English and Italian.
