Illustrations	71 color, 59 b&w
Name of series	De aedibus
Price	$44.50

- Fully illustrated with 71 images and 59 plans

Timothée Giorgis founded his office in Geneva in 2007 and was joined by Juan Rodriguez in 2015. Since then, a remarkable number of residential buildings and refurbishments have been completed, including a major facility with a municipal and school building in Satigny near Geneva. It is carefully embedded in the landscape with a calm gesture. The reserved developments reveal a refined, detailed architectural language.

Text in Spanish and French.
