Pages	80 Pages
Illustrations	65 color, 17 b&w
Name of series	De aedibus
Price	$44.50

- Fully illustrated with 65 images and 17 plans. With an article by Fred A. Bernstein

A penchant for experimentation, transparency and sculptural presence are the salient features of the buildings of Gus Wüstemann, who has offices in Zurich and Barcelona. One striking building is the residential house on Langrütstrasse in Zurich. Elongated living spaces across the building are formed topographically, as it were, on their longitudinal walls, and the interiors radiate a raw sensuality.

Text in English and German.
