- The perfect coffee-table book for fans of fashion, business and the story of Hermès
- Richly illustrated
- Including previously unpublished interviews, original photographs, exclusive testimonials and more

"Whether you're a bonafide Birkin collector or simply an admirer from afar, this book about Hermès deserves a spot on your wishlist." — **Who What Wear**

"... the volume is a masterclass in tactile publishing, destined to sit on the shelves of aesthetes, collectors, and philosophers of form. It is, in every sense, an object worthy of Hermès itself." — **Private Air**

Hermès Philosophy takes you on a stunning visual journey from the birth of a family enterprise to the ascension of the world's most exclusive fashion and luxury brand.

A history not only of the fashion house, but also of the famous models, design techniques, and collections that it brought to the stage, this is a richly illustrated document of the principles that made Hermès what it is today. These pages include archival material, vintage ads, direct testimonials, original photographs, and unpublished interviews revealing the true identity of Hermès.

Discover the secrets of Hermès success, a long and faithful marriage between tradition and innovation, coupled with a highly effective communication strategy for products that allows them to speak for themselves. The perfect coffee-table book for fans of luxury goods and fashion.

Following the successful *Rolex Philosophy* (ISBN 9781788842396) in the *Luxury Philosophy* series.
