- Take an inside look at modernist gems
- Behind the scenes of 20 stunning modernist homes
- For all fans of experimental architecture and interiors
- The most talked-about homes that inspire us to this day

In this book you will find a stunning collection of homes from the 20th century that have been lovingly restored to their modernist splendor and are still lived in. Photographer Jan Verlinde captures the power of the interiors and architecture on film like no other. Author Thijs Demeulemeester explains the houses in detail, based on interviews with residents, insights from the architects and the chosen interior styles. In this successor to the successful *Homes for Nomads* and *Homes for Collectors*, you will discover which modernist gems are still hidden and how they are lived in today.

Text in English, French and Dutch.

Professional photographer **Jan Verlinde** specializes in architecture and decoration and publishes in several prominent Belgian magazines. **Thijs Demeulemeester** is a lifestyle journalist who specializes in interior, contemporary art and architecture. He writes for several notable Belgian magazines and newspapers.
