The CAD construction atlas for interior detals includes many elements such as doors and windows, tables etc. Text in English and

Interior Details CAD Construction Atlas consists of four volumes, covering various elements of interior design and construction such as doors and windows, tables and chairs, wardrobes and cabinets, sofas, ceilings, staircases, counters, walls, and kitchen equipment. The designs in the book range from subtle touches to more elaborate projects. In addition, the book includes a free DVD containing original CAD construction drawings, thus offering a unique reference for readers.
