Jewelry's Shining Stars: The Next Generation brings together 45 new women designers who have liberated the way we view and buy jewelry. This compilation of talented women, who hail from around the globe, use techniques such as enameling, engraving, and creating nuanced textural details in wax models, to bend the rules and break with tradition. While some work with their own hands, whether schooled or self-taught, challenging themselves at the bench, others work alongside artisans to reinvigorate the old school into relevant yet enduring pieces.

The book's stunning photographs offer a glimpse into each designer's different aesthetic and are accompanied by the jeweler's own words, revealing what drives their approach and giving us an insight behind these innovators. With reverence for quality, style, and technique, these 45 talented jewelers are creating today's collectibles and shaping jewelry's future.
