- Discover a journey jam-packed with exceptional art, intriguing movies, music, comedy, cartoons and, without a doubt, a large dose of humour

From May 1st until August 2012, Brugge Plus vzw and Musea Brugge have organized 'Kamarama', an international art project in the city of Bruges. The curator of the exposition is Belgian artist Kamagurka. This multidisciplinary art project will spread throughout the entire city center and will show both works of Kamagurka and other artists he feels related to. It'll be a true journey jam-packed with exceptional art, intriguing movies, music, comedy, cartoons and, without a doubt, a large dose of humor. The main part of the project is an exhibition of paintings, sculptures and drawings in the Garemynzaal, one of the historical halls of the Bruges belfry, of contemporary artists that have been inspirational to Kamagurka: David Bade, Fred Bervoets, George Condo, René Daniëls, J.J. Grandville, George Grosz, Jeroen Henneman, Capitaine Lonchamps, Lucebert, Yves Obyn, Emile Salkin, Captain Beefheart, Wim T. Schippers, Herr Seele, Roland Topor among others. Artists featured include: David Bade, Fred Bervoets, Capitaine Lonchamps, George Condo, Rene Daniels, Wim Delvoye, Otto Dix, Marcel Duchamp, James Ensor, Max Ernst, Jan Fabre, J.J.
