Price	$55.00

- A deeply personal monograph showcasing Yamasaki's most inspired floral creations and the sensibilities that guide his work
- A unique artistic perspective that treats plants as soulful equals, a mindful, nature-centered design approach

Japanese floral designer ***Katsumi Yamasaki*** is known worldwide for his distinctive approach to working with flowers and greenery. His dedication to craftsmanship and his openness to collaboration have made him a respected figure in the international floral art community. His creations have been exhibited globally and featured in leading publications. Central to Yamasaki's philosophy is the belief that plants possess their own soul. He values every moment spent working with them and seeks to reveal their natural character through his arrangements. For Yamasaki, designing is a way of accompanying flowers on their journey – from his hands to their final destination. In this first monograph, Yamasaki shares his most cherished designs and offers insight into the inspiration, sensitivity, and vision behind his work.

Text in English and Japanese.
