- Coincides with the exhibition *Land of the Morning: The Philippines and its People*, held at the Asian Civilisations Museum (ACM), Singapore

This publication explores the diverse material culture of the Philippines, from ancient gold and Catholic sculpture to tribal textiles and costumes and contemporary art. *Land of the Morning: The Philippines and its People* features nearly 300 objects, both from the ACM's own collection as well as from the Ayala Museum, the National Museum of the Philippines, the Central Bank of the Philippines and private lenders in Manila and Singapore. This is the first time this superb group of objects, including a number of important national treasures, has ever been seen together, making this publication an important document on Filipino culture.
