- A world-renowned sea photographer shares his most spectacular photographs from the past thirty years
- Many of the photographs have never been published in book form before
- A large format to showcase the extraordinary photography

Internationally renowned sea photographer, designated Official Photographer of the America's Cup 2013, Gilles Martin-Raget presents his best sea photography of his 30-year career in this beautiful book. Arranged thematically, the 200 photographs are accompanied by introductory texts in each chapter and by detailed captions. At the end of each chapter a specially chosen destination is depicted.

The book includes some of Gilles Martin-Raget's most recent photography including from the America's Cup.
