Live From My Studio is the first book to showcase the Art of Edie Baskin. The pioneering, 2x Emmy-nominated photographer and art director, created the signature look of a show that would transform television, popular culture and influence the people and events that have shaped our lives for 50 years. Her iconic hand-colored portraits of the stars of rock, screen, stage and television were a signature of the show, broadcast to tens of millions of homes every week, reflecting the show's wit, charm and mischief, captivating generations while reviving a long-lost art form.

Edie Baskin, the pioneering, 2x Emmy-nominated photographer and art director, created the signature look of *Saturday Night Live* that would transform television, popular culture and influence the people and events that have shaped our lives for 50 years. Her iconic hand-colored portraits of the stars of rock, screen, stage and television were a signature of the show, broadcast to tens of millions of homes every week, reflecting the show's wit, charm and mischief, captivating generations while reviving a long-lost art form. This is her first book.
