This interior design book by Lorenzo Castillo presents a carefully curated selection of his most important projects developed since the publication of his previous work. Through high-quality images and thoughtful commentary, the author reveals the evolution of his style, defined by a sophisticated blend of tradition and modernity.

Each project showcases his talent for combining antique pieces with contemporary elements, creating unique, elegant spaces full of character. The book not only features residential interiors but also commercial projects, offering a comprehensive view of his creative universe. Castillo also shares insights into his working process, sources of inspiration, and his sensitivity to materials, color, and history. This volume becomes an essential reference for design enthusiasts and professionals seeking inspiration in a timeless and deeply personal approach.

Lorenzo Castillo, an interior designer born in Madrid in 1968, is known for his style that blends history and modernity. He began working with antiques in the 1990s and founded his studio in 2000. His work stands out for blending vibrant colors and rich textures with antique pieces, creating elegant and unique spaces in luxury hotels and residences. Castillo is recognized globally for his ability to fuse past and present in interior design.
