- **Exclusive Cover Art:** Features a previously unpublished masterpiece by Milo Manara, making it an essential collector's item
- **A Fresh Perspective:** Offers a groundbreaking look at Manara's oeuvre through the thematic lens of the labyrinth, myth, and inner exploration
- Presented in a luxurious silk binding, this meticulously produced volume offers readers a truly distinctive edition

The book invites visitors to explore this imaginary world through a fresh lens, placing it in dialogue with the Labirinto della Masone and the cultural universe of Franco Maria Ricci—a world profoundly shaped by Jorge Luis Borges. Throughout his comics and illustrations, Manara weaves his own interpretation of the labyrinth, fashioning realms where reality, imagination, and memory constantly blur. Guided by the thread of the labyrinth, this narrative unfolds to reveal deep connections, shared affinities, and recurring echoes across Manara's career.

Text in English and Italian

Pietro Mercogliano is the editorial coordinator at FMR. He curated the exhibitions *Destini incrociati. Italo Calvino e Franco Maria Ricci* (Labirinto della Masone, Fontanellato, autumn–winter 2023) and "Franco Maria Ricci. L'Opera al Nero" (Palazzo Ducale, Genoa, spring–summer 2024).
