- 50 stylish hidden gems in the middle of nature, each one rentable
- Companion to Mountain View (ISBN: 9789401447607) in the Nature View series
- Includes all the important contact information for each destination

Whether lakes, deserts or forest, nature is often a holiday destination, but not every nature traveler wants to camp or stay in cheap hotels. This book, in the *Nature View* series, is for the discerning traveler who wants to stay in style and enjoy nature at the same time. Here are 50 of the most stylish homes, settled in spectacular landscapes from around the world. And each is available for holiday rental.

Sebastiaan Bedaux works as a freelance lifestyle and travel journalist for several renowned Belgian magazines and newspapers. For the past ten years he has been traveling the world and writing about his holiday experiences on his travel blog, ambassador.land, which has won several awards.
