What are the newest and hippest venues in Belgium to eat, drink and sleep? This book collects the addresses that have been chosen carefully by the redaction of www.newplacestobe.com and shares them with the reader to discover the hidden gems, off the beaten track. As opposed to many restaurant websites, [newplacestobe.com](http://www.newplacestobe.com) provides a strict selection of places that match their objective standards. Text in English and Dutch.
