- A behind-the-scenes look at the inspiration for Scott's most impressive interiors
- Features dazzling images of Scott's chic never-before-seen homes by photographer Antoine Bootz

The first monograph on New York-based interior designer David Scott's work, *Outside the Box: An Interior Designer's Innovative Approach to Creating Chic and Comfortable Rooms* is a delightful behind-the-scenes look into 11 of his most stunning projects. Scott's interiors seamlessly combine his adoration for the elegance of antiques with his admiration for the functionality of modernity, creating environments that are at once visually stimulating and inherently calming. Each space is custom designed to emphasize and reflect the personal style and character of his clients. *Outside the Box* takes a look at the elements of inspiration that have been the guiding force for Scott's innovative and striking spaces, where comfort and chic harmoniously coexist.
