*“Sure to bring a smile to your face is Pets Rock...”*—**Houston PetTalk**

Let's be honest, who doesn't think that there is a star with human traits in his four-legged friend? In ***Pets Rock*** these fantasies now become reality just with the help of a sure instinct and a lot of love for detail. Here the guinea pig becomes the imposing ruler Julius Caesar, the mouse the rock star in a shrill costume like David Bowie or Lady Gaga or the French bulldog the designer with the attitude of Karl Lagerfeld. Or do you have a cat interested in fashion at home? Or even a dog with political ambitions? No matter what you see in your pet, ***Pets Rock*** delivers the most exciting and flashy animal portraits that will make you smile. Let yourself be enchanted and amazed by digital illusions.
