- Experience daily joy in 2026 with the photo-tear-off-calendar, featuring an instant photo and its unique story every day
- Each calendar page showcases an original-size instant picture on the front side, offering a visual delight for every day of the year
- Flip to the back side of the page for a short text detailing the origin of the photo, along with information about the photographer and the type of photo film used
- Annual tear-off calendar. Finished with high gloss lacquer, incl. stand and collector's box

Photodarium 2026 presents 365 new Polaroid photos from around the world and their little stories.

The popular photo tear-off calendar with 365 unique instant photos and their little stories will continue to accompany us in 2026. Every day, the front shows a Polaroid in its original size – spontaneous snapshots, intimate moments or personal experiences. On the back, a short text tells the story of how the picture was taken and provides exciting insights into the photographer, location and film used.

The photos are taken by professional and amateur photographers from all over the world and turn every day into a journey into unique stories.
