A garage with a Porsche is therefore more than just a garage. It is a museum, exhibition space and retreat, a place of passion and love for sports cars. This special way of life is reflected in this unique illustrated book: **Porsche Home** visits some of the biggest Porsche fans all over the world and offers unique insights into their sacred halls over more than 200 pages. Among the well-tended and well-kept collector's items are production vehicles as well as Porsche vintage cars. Selected individual cars are lovingly presented, opulent collections impressively staged. Always included in the portrait: the people behind the treasure in the garage. **Porsche Home** demonstrates that special Porsche models and exciting people make a good story. Whether celebrity or passionate enthusiast, all Porsche collectors give very personal insights into their garages. The result is a multi-faceted collection, compiled with great sensitivity and attention to detail by the editors of the *Porsche* magazine Christophorus and *Porsche Klassik*. The impressive pictures are supplemented by informative articles on the topics of Porsche restoration, passion for collecting and value development. A very special illustrated book in which many car lovers and Porsche fans will recognize themselves!
