- The world's most comprehensive survey of reimagined and customized Porsches
- Exceptional production quality to meet the standards set by the cars inside, including metallic inks, special papers and more
- Featuring fantastic images of 28 restomod cars
- Perfect for the Porsche enthusiast and fans of the restomod revolution
- A timely release, representing the cultural shift away from cookie-cutter cars and towards bespoke, automotive customization

Porsche Rebels: Legends Reborn as Restomods presents the best of the best from the exciting world of reimagined and customized Porsches. Showcasing 28 elite brands with over 60 models, and premium photography, this timely volume reveals one of the most dynamic trends in the global automotive industry.

The restomod boom represents a cultural shift to bespoke automotive artistry. Fusing classic models with cutting-edge technology requires an almost impossible level of creativity and workmanship. The resulting builds are configured to shine as brightly on today's roads as the original models did in their own time, frequently testing every technical limit imaginable.

As refined as the machines themselves, this definitive roll call of restomods is perfect for petrol-heads, Porsche enthusiasts and every other ilk of car lover.

Featuring the world's most accomplished carmakers, including Singer, Tuthill, Rennsport, Gunther Werks and RWB, this superb second volume in the visually stunning *Cars Reimagined* series is guaranteed to fire up the hearts of motor enthusiasts everywhere.

Praise for *Restomods: The New World Order of Handcrafted Cars*

"Bill Schwartz's well-researched [book] is a fascinating who's who of the industry, filled with 55 of the scene's biggest movers and shakers – you'll know your Revology from your Zero Labs in no time."– Classic & Sports Car

"A fascinating look at the new levels of craft and technology that have emerged to cater to the world of luxury mobility."– Wallpaper

"Curated by Bill Schwartz, it's the kind of book that fuels big dreams and garage goals."– Boss Hunting

Bill Schwartz is a lifelong devotee to the world of the automobile. For over 40 years, he has collected and restored cars, fueling a deep understanding and unwavering enthusiasm for the subject. Schwartz isn't just a spectator; he's a fixture at the most revered automotive gatherings, from the elegant concourse of Pebble Beach and The Quail meets, to such thrilling races of Goodwood's Revivals. To truly capture the essence of the world's most exceptional vehicles, he goes beyond the surface and has formed personal relationships with the world's leading car manufacturers. This commitment to firsthand knowledge gives readers a first-hand perspective. His background includes the production of 20 broadcast documentaries, three NASA-based published books, in addition to his continued global licensing and bespoke automotive business activities. Bill resides in Santa Monica, California.
