**Prince.** Visionary, multi-instrumentalist and extraordinary showman. One of the most influential and inspiring pop superstars of the 20th century.

Now, **Prince: Black, White, Color** reveals the artist as he's never been seen before thanks to a unique and exclusive set of photographs, many published here for the first time, all captured by Prince's own trusted art director – award-winning photographer Steve Parke.

These intimate photos allow readers an extremely rare glimpse of Prince at Paisley Park, at his sun-drenched house in Marbella, and at work in the studio, posing for portraits as well as moments of quiet tenderness with his first wife Mayte Garcia and their beloved dog Mia.

With over 250 images, this stunning volume marks the 10th anniversary of Prince's passing by showing a side of him that was seldom if ever publicised during his lifetime.

A must-have for Prince fans.

**Steve Parke** is an award-winning illustrator, designer, and photographer. He worked for Prince for 13 years as his in-house art director at Paisley Park—doing everything from designing album covers and hand painting guitars to enlisting every spare pair of hands to melt candles for an impromptu music video. He's also worked with David Bowie, Bon Jovi, Bob Dylan, AC/DC, Marcus Miller, and the Grateful Dead, and has long collaborated with Sheila E., The Family/deluxe, Victor Wooten, and Stanley Clarke, among others, both as a photographer and a designer of numerous album covers and promotional materials and merchandise.
