- Urban development dimension: New Work City Amsterdam by METRO PROPERTIES

The processes of change throughout the retail sector has rapidly gained dynamism through the COVID-19 pandemic. In an unprecedented situation, social distancing has fuelled the integration of digital shopping functions and at the same time the yearning for real places of encounter. *Retail Design International* addresses these shifts and presents over 40 brave concepts that drive the retail shift forwards. Text in English and German.

The editor **Dr. Jons Messedat** is an architect, designer and author. His expertise in the building of corporate identity is in demand among global companies, as a jury member in architecture and design competitions, as well as at universities in Germany, Switzerland and the USA.
