- Development of the renowned Riva brand from its beginnings to the present
- Large format images and informative texts
- Famous personalities and Riva: insights into the world of stars

This book is entirely dedicated to the fascination of the Riva brand. From a brief look at Riva's history, Carlo Riva's ideas and ideals and an overview of the boats built up to 1969 to current developments and new technologies, this volume offers a unique and unprecedented insight into the world of the luxury brand. Prominent Riva owners who have contributed significantly to media coverage are covered, as are the prestigious Riva clubs and events and the background to the expert restoration of the classic beauties. Large-format images with entertaining texts make this high-quality coffee table book a perfect gift for boat lovers and dreamers!

Text in English and German.
