- Discover hidden treasures from centuries-old shipwrecks
- Learn about the Maritime Silk Road and maritime archaeology between the Netherlands and Asia

The book presents and describes the treasures hidden away in centuries-old shipwrecks: visible treasures like Chinese porcelain, as well as invisible treasures in the form of new knowledge revealed by the ships and their cargos. The stories of seven shipwrecks not only paint a picture of the Maritime Silk Road but also of the development of maritime archaeology in the Netherlands and in Asia.

Text in English and Dutch.
