- A beautifully illustrated book with hundreds of inspirational terrazzo designs
- Includes houses as well as never-before-seen living spaces
- Large images and descriptive captions provide invaluable information about the product
- Follows up on the success of *Stoned* (4 print runs)

Terrazzo, the iconic composite material that features a medley of polished marble chips, comes in all shapes and colors and is an increasingly popular design element. Its decorative speckled design is understated, endlessly stylish, and versatile. Terrazzo is an interior favorite and a more affordable alternative to marble or granite. This inspirational book of images and advice helps you pick everything from the right color scheme to the right material, with a little help from experienced architects and designers.

**Thijs Demeulemeester** is a Belgian lifestyle journalist, specializing in the arts and architecture. He previously wrote books such as *Wunderkammer – An exotic journey through time*, *Wonders are collectible - The beauty of beetles, bugs and butterflies* and *Stoned - Architects, Designers & Artists on the Rocks*.
