- The ultimate and original Boston guide for visitors and locals, with 500 places to visit and things to do, including two city walks

This Boston guide is the newest addition to the internationally successful series *The 500 Hidden Secrets*. Like the other city guides in the series, it contains 500 places to visit or things to know. All of them are addresses or activities the author, savvy Boston local Natalia Ivanytsky, would recommend to friends visiting her hometown. A new feature are the two city walks included in the book, leading past a selection of the 500 secrets: a great way for first-time visitors to get to know the city.

This bulky selection of Boston tips is based only on the author's personal opinions after thorough research: Natalia wandered through the many Boston streets and neighborhoods accompanied by her dog, looking for the best places to eat, drink, shop, visit, dive into the cultural scene, ... She drank and ate her way through the best brunch spots, cocktail bars, and restaurants with family and friends, looking for the five best on-the-go sandwiches, the five tastiest street food trucks, the nicest shops for New England-inspired home décor or five urban oasis garden escapes. She also tells you which unofficial stops along the Freedom Trail are worthwhile, or where to find cool outdoor art installations. Her aim is to showcase Boston's strong culture beyond sports and history, and to help you discover new, unexplored places.
