- Very practical with tools, models, diagrams and manuals
- Reference work for academics: Clear set of definitions and overview of all terminology
- Richly illustrated overview

This **Big Book** helps you make design decisions for shops. With the advent of e-commerce, the role that physical stores played changed dramatically. Their right to exist is not in question, but the need for a different design for these stores is high. This book provides the necessary knowledge to design the store for the future. It provides a complete overview of background and research on the necessary tools, to reflections on the challenges of the future.

**Katelijn Quartier** is a professor of retail design at the Faculty of Architecture and Art at Hasselt University. She is also Academic Director of the Retail Design Lab knowledge center.
