- Beautiful linen hardcover postcard collection
- Every postcard can be torn out smoothly, without damaging the other content
- Flower details like you have never seen them before! – exclusively on black surface

After the great success of the calendar, a high-quality hardcover postcard book is being published. 100 of the most beautiful flower photos unfold their full glory on the black surface.

Taking inspiration from photographic pioneers such as Karl Blossfeldt and snowflakes photographer Wilson Bentley, as well as Japanese floral artist Makoto Azuma, Andy Warhol or even Pedro Almodovar, this set of postcards is based on over 10,000 stunning floral close-ups.

The photos remind us that while beauty is primarily something natural, it also has a fleeting quality. They reveal rarely noticed details that are full of architectural sophistication and filigree splendor. Each shot is a striking piece of art.
