Many of the songs are well-known, others are a little more off-radar. Some have amazing musicality, some have lyrics – quite literally – worthy of a Nobel Prize. Some deal with death, others deal with zebras, one song deals with prostitute-frequenting chess players in Bangkok. You get the idea.

Each of the book's lists is accompanied by a scannable Spotify code, allowing readers to use their smartphones to directly access the songs mentioned. So, time to get reading and get listening.
