Price	$17.95

- Twelve beasts drawn with Nicholson's sweeping line and unerring eye for the lively detail
- A great classic of British book illustration, unavailable for decades

William Nicholson was still in his twenties when he started working on books for the publisher William Heinemann that combined a hugely powerful woodcut style with peerlessly precise observation and sly humor. ***The Square Book of Animals*** brings together a collection of 12 beasts drawn with Nicholson's sweeping line and unerring eye for the lively detail. The text is by Arthur Waugh, the father of Evelyn Waugh. A great classic of British book illustration, unavailable for decades. Published simultaneously with two other works *An Alphabet* and *The Book of Blokes*.

Sir William Newzam Prior Nicholson (1872–1949) was one of the most talented and versatile painters ever to work in Britain. A creator of astonishingly precise and delicate still lives, and of some of the most penetrating portraits of the century, he also pioneered a vigorous style of woodcut illustration that remains unequaled for its strength and subtlety. His son was the painter Ben Nicholson.
