- An overview of luxury hotel design style in recent 20 years
- Large-scale garden design
- Directory of Luxury Hotels in China

Yang Bangsheng — a pioneer in the field of international interior design and founder of YANG & Associates Group — systematically summarizes his design philosophy and practice for three decades, from his awakening in the fields of eastern Sichuan, to his expression of Eastern aesthetics on the global stage. It is a great work that fuses Eastern wisdom with contemporary spirit. Centered on the concept of "shēng xī jìng gòu", or "Constructing Living Realms — Live, Rest, Position, Compose," this book unfolds a design journey blending poetry and philosophy:
Live—Seeking wisdom from landscapes, conversing with nature.
Rest—Pursuing inner balance, achieving beauty within restraint.
Position—Embracing vitality in space, revealing intangible beauty.
Compose—Crafting humanistic scenes, creating enduring resonance.

Yang Bangsheng, Founder and President of YANG & Associates Group (YANG for short), is the most influential interior designer in China and an advocate of China's culturally distinctive hospitality design. With his nearly 30 years of experience, forward-looking concept and pioneering spirit, Yang leads the company in edging into global hotel design giants, so that YANG is able to provide services for more than 700 quality hotels including those under IHG, Marriott, Hilton, Hyatt, Kempinski, and Banyan Tree.
