- With more than 20 international interior designs, and 5 interviews with acclaimed designers, this book illustrates how to use color to create a perfectly balanced interior

True interior design styling goes a lot further than referring to Pinterest or Instagram. This book lavishly presents home décor options outside of safe color schemes, traditional furniture, and every day accents. With more than 20 international interior designs and interviews with acclaimed design professionals, this is an inspirational handbook on creating exciting, even daring, interiors using color in accents, and on walls, furniture and floors.

Irene Schampaert works as a graphic designer and has been blogging about design in the broad sense of the word - colors and patterns, decoration and design, typography and photography - for many years. She is the series editor Lannoo's best-selling *Insta Grammar* series.
